

Drain-Strike Urinal Treatment Is A High Performance Safe Acid Replacement

Drain Strike™ Urinal Treatment

Drain Strike Urinal Treatment is a pre-measured 4 oz. bottle that takes the guesswork out of how much to pour into each drain, saving time and money.

Can Also Be Used In Waterless Urinals

Drain-Strike Urinal Treatment is designed for regular maintenance of urinal lines. With our safe and easy to use pre-measured 4 oz. bottles, this product works quickly to eliminate the build up of uratic salts (urine) that causes lines to narrow and clog when slow drainage occurs, this can lead to unpleasant slime build up, which also becomes a source of foul odors. With regular treatments of Drain-Strike Urinal Treatment clogging is gone, pipes run freely and odors will be removed with a pleasant fragrance. Your customers will appreciate a clean smelling bathroom.
