

**MADE ONLY FOR HAND WASH STATIONS**

## HOW IT WORKS

*As water runs over the SinkBall Defender, it will slowly release the bacterial disc in the ball into the sink drain. By continuously dosing the drain line, it will destroy grease, oils and fats along with nasty odors.*

## HOW TO USE

*Place one SinkBall Defender in the hand washing sink. When disc is fully dissipated, replace with new one.*

## 3 SINKBALLS PER PACKAGE

**ITEM #SBD-03**
